

COVID 19 Update:

Transfer Station

Effective immediately the Newport Transfer Station will not be segregating any recyclables until further notice. All items normally recycled and placed in bins will now be placed in the regular trash containers. This includes, but not limited to the following: cans, cardboard, glass, clothing, plastic containers on any variety, paper, mixed paper, newspaper and magazines. All other items will be processed as they have been in the past. Any questions please call 368-4410 or ask the attendant on duty. We are striving to make this as temporary as possible and will update on a regular basis.

Cultural Center & Recreation Department

These two departments will remain closed until the 15th of April unless updated

Thanks,

James A. Ricker Sr.

Town Manager
